

## 1. The Korea Pavilion Information

### Introduction

At the Korea Pavilion, participants will be able to share thoughts and ideas with others on various forestry issues. Many experts in forestry will make presentations on Korea's forest policy and new paradigm, research and development on forest science and technologies, successful stories in forest rehabilitation through thematic presentations, seminars, exhibitions, experience programs. The Korea Pavilion will provide various experiences including Korean food tasting, Korean culture and seed art.

The Korea Pavilion is located at the Front of the Exhibition Hall main gate.
