

Title	Building Environmental Resilience: Dream or Distant Reality?
Organizer	Center for International Forestry Research (CIFOR) and World Agroforestry Centre (ICRAF)
Type of event	Discussion forum
Venue	Room 104-106
Date/Time	Tuesday, June 18; 13:30-15:00
Event description	
<p>Keynote speaker: Robert Nasi, Director-General, Center for International Forestry Research 20-minute keynote speech to set the stage for Stream 3. The talk will highlight facts and figures, ambitions versus actions, and insights on the future of a resilient environment. Dr. Nasi will challenge old concerns: Is forestry and the forestry sector in the best position to lead/facilitate a landscape approach, and contribute to resilience building, which calls for multi-sectoral frameworks and collaboration? Can forestry be the game changer? How will the forestry sector position itself to harness its contributions to a resilient environment? What financing mechanisms support and enable the sector to better contribute to building a resilient environment? 40-minute panel discussion involving delegates from the Republic of Korea (TBC), World Agroforestry (ICRAF) (Prof. Xu Jianchu), GGGI (Director-General Frank Rijsberman), Green Climate Fund, FAO. 30-minute audience Q&A</p>
