

Title	Agroforestry to Support Resilience in Agriculture and Landscapes
Organizer	World Agroforestry (ICRAF)
Type of event	Talk show/Discussion forum
Venue	Room 110
Date/Time	Wednesday, June 19; 11:00-12:30
Event description	
<p>The role of agroforestry in contributing to sustainable development has been recognized in the international policy arena. It is acknowledged by the UNFCCC as a key mitigation method within the agricultural sector and considered as an important component of National Adaptation Plans of Action and Nationally Appropriate Mitigation Actions. This session will bring together agroforestry experts in practice and policy, to provide updates on recent policy reforms directly targeting the development of agroforestry in Asia Pacific. It will also espouse issues and bottlenecks in fast tracking agroforestry interventions. The session will be designed in a talk show format, with guests bringing examples from India, Nepal, China, Philippines, ASEAN, and the pacific islands.</p>
