| Event description | |
| <p>The GCF is currently in the process of defining strategic framework documents setting out its ambition in all sectors of climate change mitigation and adaptation. These strategic documents will define GCF's priorities and mandate to engage in climate change mitigation and adaptation projects based on the GCF's investment framework. The objectives of the session are to introduce the sectoral frameworks on natural resources and the vision behind. The session will enable participants to engage with the GCF and share ideas, suggestions and opportunities to help shape the work going forward.</p> | |
