

Title	Tropical Peatlands and Green Growth
Organizer	Global Green Growth Institute (GGGI)
Type of event	Discussion forum
Venue	Room 305
Date/Time	Friday, June 21; 11:00-12:30

Event description

This session will present and discuss progress and remaining issues surrounding peatland restoration and its linkages with REDD+ implementation in Indonesia. It will showcase experiences in implementing peatland restoration activities by different partners. It will present successfully tested tools and approaches for planning and implementing peatland restoration, together with the challenges to be addressed in peatland restoration to secure a productive and resilient environment.

The session will consist of a panel discussion, beginning with an introduction by the session moderator, followed by a key presentation by GGGI and interventions from panelists representing different stakeholders in the peatland restoration arena. The presentations and panel discussion will be followed by an audience Q&A, and a brief summary of discussion highlights by the session moderator.
