

Title	Wood Identification Technologies: Towards a Roadmap for Further Regional Cooperation	
Organizer	European Forest Institute (EFI) and Global Timber Tracking Network (GTTN)	
Type of event	Discussion forum following earlier event. Informal workshop discussions	
Venue	Off-site	
Date/Time	Wednesday, June 19; 17:00-18:00	
Event description		
<p>This discussion/workshop follows the earlier GTTN partner event which introduced the “state of the art” of wood identification technologies. After a summary wrap-up of the earlier session, participants will jointly look into how Asia-Pacific cooperation could be reinforced to further develop wood identification capacities and to put them to operational use.</p>		
Time	Speaker / Panelist	Theme
17:00-17:10	GTTN secretariat	Welcome and introduction
17:10-17:30	All	Workshop-style interaction through novel participatory tools
17:30-17:55	All	GTTN global-regional cooperation: discussion on next steps
17:55-18:00	GTTN secretariat	Wrap-up conclusions
